THIS PROPERTY MIGHT BE MORE AFFORDABLE THAN YOU THINK!

At 42, we believe that every financial journey is unique and deserves a tailored approach.

I believe it is a great feeling to own your own home. It is a place of joy, comfort, and security where you can truly be yourself. At 42 we have over 42 lenders, including all the major banks. More importantly, we have access to lenders that are exclusive to our State and Commonwealth Public Service with excellent finance options.

My focus is to fully appreciate and understand my client's needs and objectives so the finance options presented will satisfy your goals and future aspirations.

That is why many of my clients are seasoned investors and we started the journey together when they secured their first home.
